Dear Dr. McAllister,

This correspondence is to gratefully acknowledge The Council for Tobacco Research's generous support of \$2,500 for our upcoming conference on "The Boundaries". Certainly with such backing the conference cannot help but be a huge success!

Once completed the conference brochure will be forwarded to you for your staff's registration, and as mentioned in my original correspondence, supporters will be prominently displayed in our program & syllabus.

Again, I thank you for your support.

Sincerely,
